They found the light trying and a shifty wind made it difficult to keep up consistent practice at any of the ranges. The number of competitors was 7th. - Queen's 2nd Stage - Distance 500 equal to that of former years, but it was unsatisfactory that no Volunteers took part in any of the competitions. The men of the Hongkong Regiment turned out in great numbers, as they did last year, and their shooting showed considerable advancement. Only one possible was made during the three days. The successful marksman was Lieut. Molesworth, R.E., who put on his 35 8th. - Queen's 1st Stage. - Distance 600 yards. at 500 yards in the All-Comers' Competition. Several 34s were registered. The Queen's Prize or 'Blue Ribbon' of the meeting was won by Major Eyton, of the Shropshire Light Infantry, one of the most enthusiastic members of the Rifle Association.

The tendency of the whole of the shooting went to prove that the Magazine rifle far surpasses the Martini-Henry for accuracy at all distances. Throughout the 'Queen's' of the first ten men six were using the Magazine rifle. It is a pity that in the annual Interport Match, which will likely be fired about the end of next month, the Hongkong Rifle Association will lose the services of several of their most reliable marksmen owing to the Shropshires being armed with the Magazine rifle, which is ex-

claded from the match. Yesterday was the Ladies' Day, and they turned out in goodly numbers. They were entertained by the officers of the Hongkong Regiment, the band of which played selections of music at the Ranges during the afternoon. The prizes were presented to the augustaful competitors by Mrs Wedehouse.

The arrangements were of a satisfactory character, and for the excellence of these arrangeme 's much credit is due to Lieut. A. Chapman, H.K. Velunteer Artillery, No. 344 Hav. Shobuawaz......27 Hon. (Wah Ter Yat Po).

The subscription is fixed at Five Dollars per annum delivered in Hongkong, or Eleven Dollars Forty Cents including postage to Coast ports. It is the first Chinese Newspaper ever issued under purely native direction. The chief support of the paper is of course! derived from the native community smongst whom also are to be found the guarantors and securities necessary to place it on a business and legal footing. The projectors, basing their estimates apon the most reliable information from the various Ports, in China and Japan,from Australia, California, Singapore, Pe-

The advantages offered to adverticors are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of

them. The field open to a paper of this description conducted by native efforts, but progressive and anti-obstructive in toneis almost limitless. It on the one hand commands Chinese belief and interest, while on the other it deserves every alc that can be given to it by foreigners. Like English journals it contains Editorials, with Local, Shipping, and Commercial Subscription orders for the above may be
